AOOS (Administrative Office Offline Software)

We are offering a complete College management system in the form of E-College, as our objective is catering the automation needs of the educational activities of the Colleges. We deliver a complete Software that has all the features required to manage a college and it keeps almost all the information which is necessary for the College. It also has flexibility to customize according to the actual process of any College. Our E-College system is Offline as well as cloud-based College software so College would not need to face any difficulties like internet, server, etc... issues while working in their college.

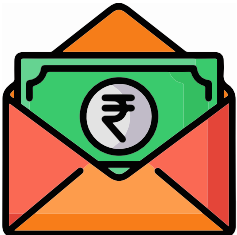

Features about Software:

Student Registration

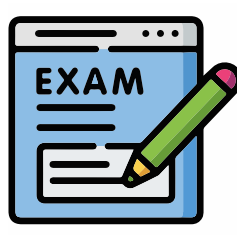

Admission Department

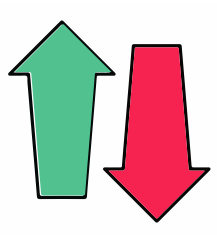

Fees Department

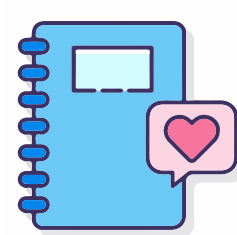

Certificate Department

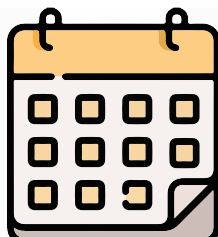

Examination Department

Inward-Outward Department

Customized Subjects

Multiple Academic Year

Only 10% Data Entry

Multi counter and user

Automatic backup

Statistics & Analysis Report

Internet is not required

College Website

College Website:

We take care of the importance of having the right content on college websites as per NAAC rules and requirements so NAAC Committee would give the positive feedback about college. Hence, we deliver you highly user-friendly and productive services that will bring your college to the next level.

College Admin Panel:

Now college faculty members can update the content on college websites and keep updated their website without prior knowledge about technology from the Faculty Panel. We make sure that we should deliver the website functioning according to client's as well as NAAC's requirements.

Key Features:

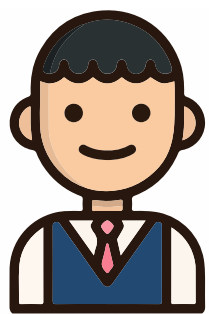

- Customized website with NAAC recommendations
- Responsive to update anything
- Dynamic Department Pages
 - About Department
 - Department Notices
 - Programs
 - Best Practice
 - Research Publications
 - e-Content and Extension
 - Photo Gallery
- IQAC with
 - Composition of IQAC
 - Objective
 - Events Organized
 - AQAR
 - Weblinks
 - Meetings
- Committees and Policies

Student Portal

As per NAAC, in our system we are putting students in the center so that they can access all the resources in college. Our system is responsible for filling the gap between Students, Lecturers and college. Student can access many features from e-College as follows:

Key Features of e-College in Student Panel

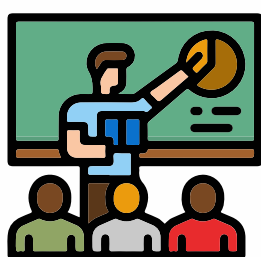

Student Profile on
their mobile

Online Registration

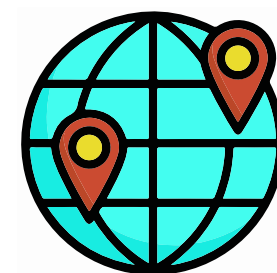

Upcoming Events &
Notices

Student & Lecturer
communications

Student Tracking
system

Botanical Garden
Geo Tracking

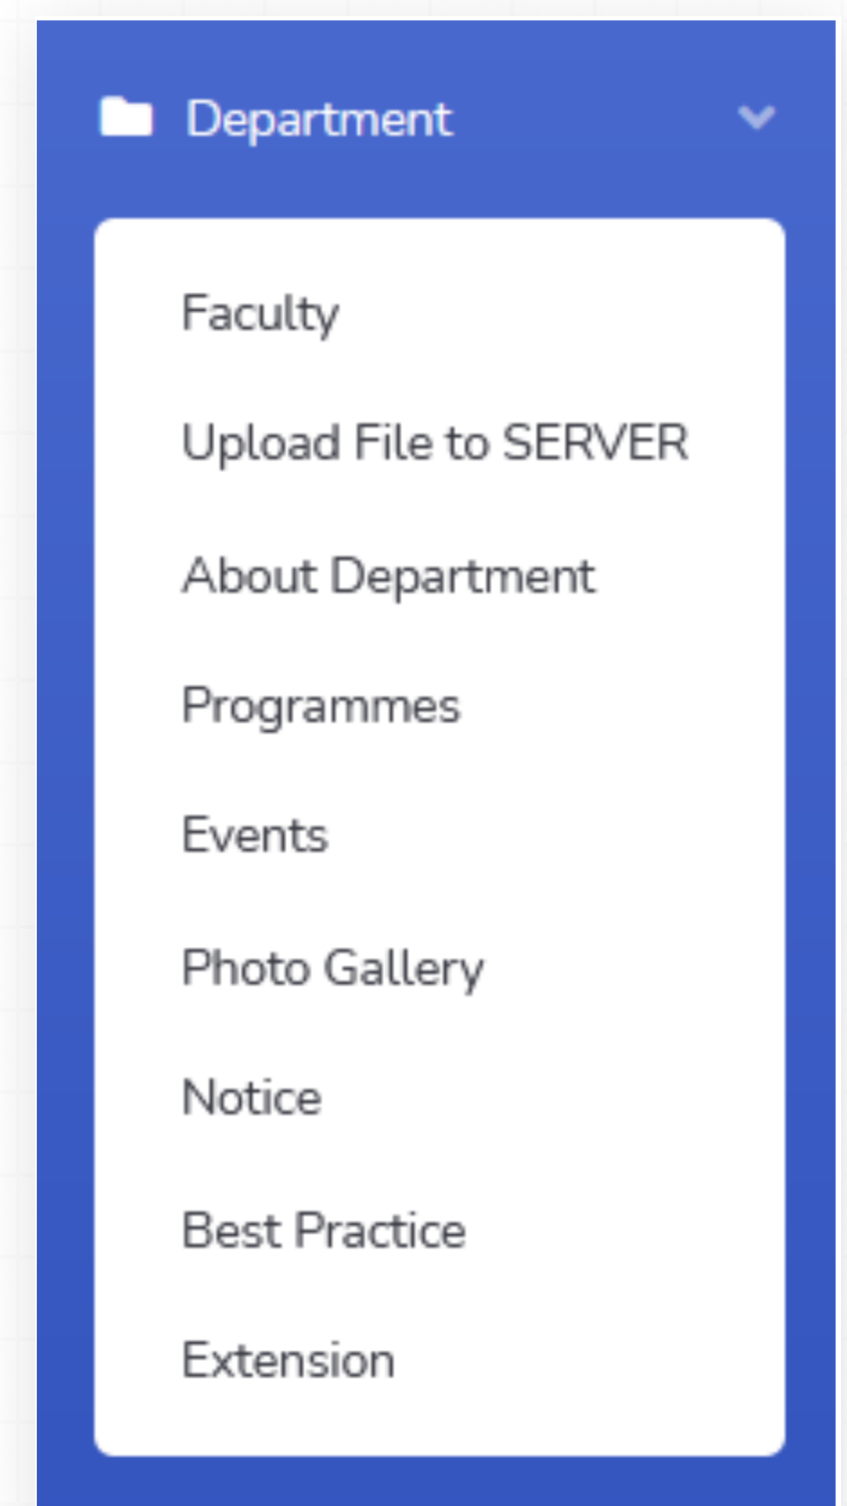

Faculty Portal

With the help of Faculty Portal, Website Admin, HOD's, Lecturer's, IQAC Coordinators and others can be UpToDate with their curriculum activities and also, they can update the required details on college website along with personal details.

HOD Panel:

- HOD's can update their department's details on websites like notices, events or any other statistical data.
- HOD's they can upload about their research and on website
- HOD's can see all the admitted students in their departments along with lecturers

Lecturer's Panel:

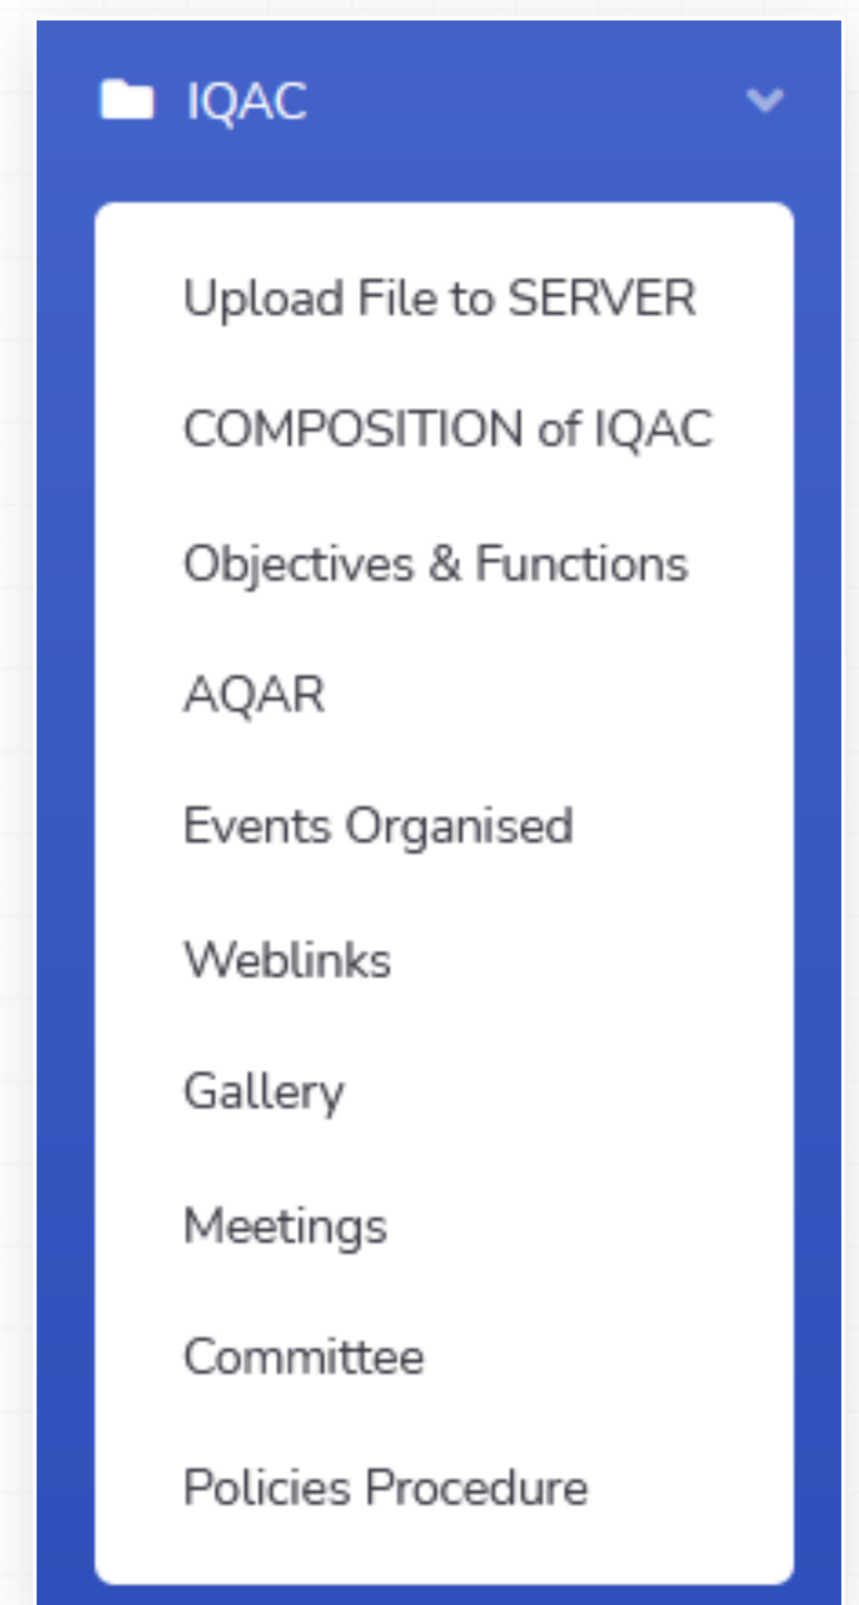

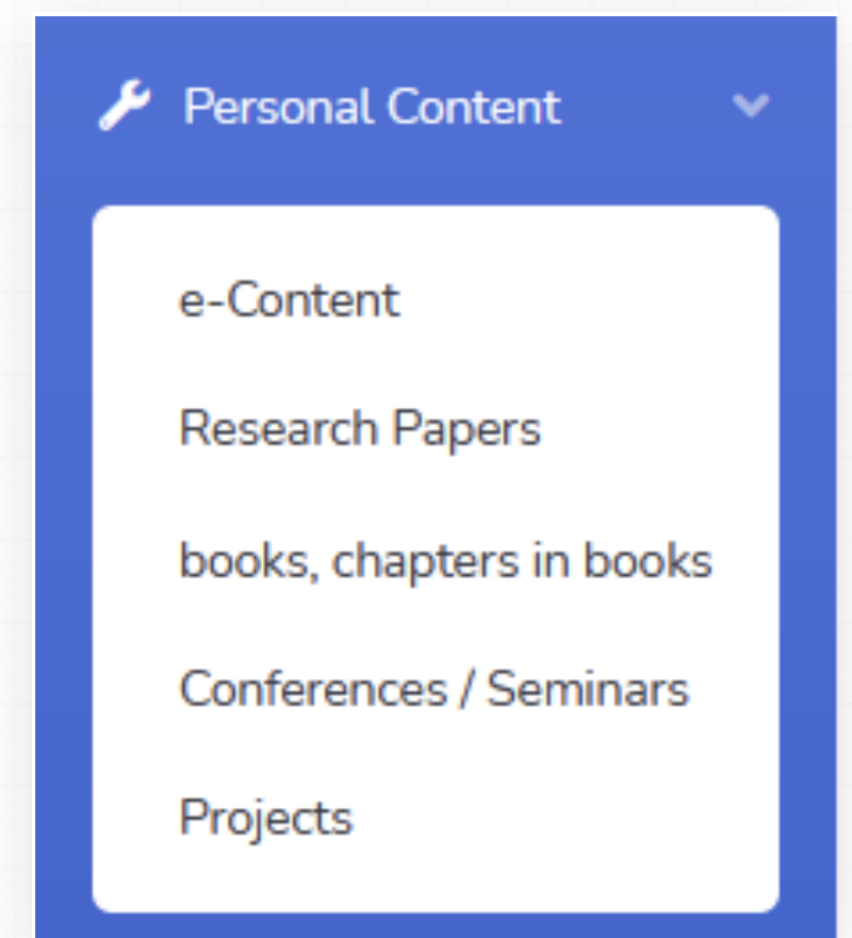

- Lecturers can see all the admitted students in their department
- Lecturers can update their research or personal development skills on the website along with their personal details.
- Lecturers can export the customized student reports, like Student list with Subject/Class/Category etc.
- Lecturers can communicate with Students via SMS/WhatsApp

IQAC Coordinator Panel:

This is the one of most important modules on the college website for NAAC Accreditation. The NAAC Committee will be watching the college's all activities and progress with different sets of criteria. To keep updated and progressive, E-College provides IQAC Portal, this portal has multiple components where IQAC Admin needs to update the regular progress about college.

Key features about IQAC:

- | | |
|-----------------------------|--------------------------|
| ● Accreditation Certificate | ● Events Organized |
| ● Peer team report | ● Weblink |
| ● Quality profile | ● Meetings |
| ● Composition of IQAC | ● Gallery |
| ● Objectives and Functions | ● Committees |
| ● AQAR | ● Policies and procedure |

Innovative tools

E-College takes care of all Criteria which are exposed by NAAC, based on the expectations about NAAC we have designed our tools which match the expectations in favor of College Progress. While designing this innovative tool we have taken care of Faculty members as well as Students.

1. Daily Teaching Register App (E-DTR)

Daily Teaching Report, as per NAAC guidelines committee, wants complete activity regarding when and what students are learning in the classroom. To maintain this information in written format is difficult to maintain for Lecturer's and review the same to HOD's and Principal.

Key features about E-DTR App:

- Topic Taught by Lecturer
- Start time and End time of class
- Remarks about the class
- Number of attended students
- Date of the Class taken
- Student Attendance

A screenshot of the E-DTR App interface. At the top, there is a table with columns for Sr, College ID, [Present] Student Name, SUBs, Mobile 1, Mobile 2, and a subject column. The table contains two rows of data. Below the table is a 'Check All' button. On the left side, there is a small grid of student avatars. On the right side, there is a form titled 'e-DTR ENTRY' with a dropdown for 'Class : B. SC. I'. The form includes fields for 'Topic Taught', 'Class Date' (dd/mm/yyyy), 'Class Remark', 'Start Time' (--:--:--), and 'End Time' (--:--:--). A 'Submit DTR' button is at the bottom right of the form.

2. Feedback System

As per NAAC, feedback which is making help to be progressive college. Our system helps you to take feedback from respected peoples and maintain it securely.

Key Points for feedback:

- Teachers' performance by students
- Teachers on Curriculum
- Alumni on Curriculum
- Satisfaction Survey
- Parents on all Aspects
- Feedback Analysis
- Students on Curriculum

3. Academic Calendar

Academic Calendar will be helpful to Lecturers and Students to keep updated with upcoming events and other important tasks.

4. Check In / Out tracking for Students in Library

E-College is tracking who is visiting the college Library and how much time students are engaging with the Library via automatic software.

5. Botanical Garden Student Geo Tracking

As per NAAC, E-College tool will help Students to get the information about trees and plants on their mobile and also, we can track who is visiting the botanical garden.

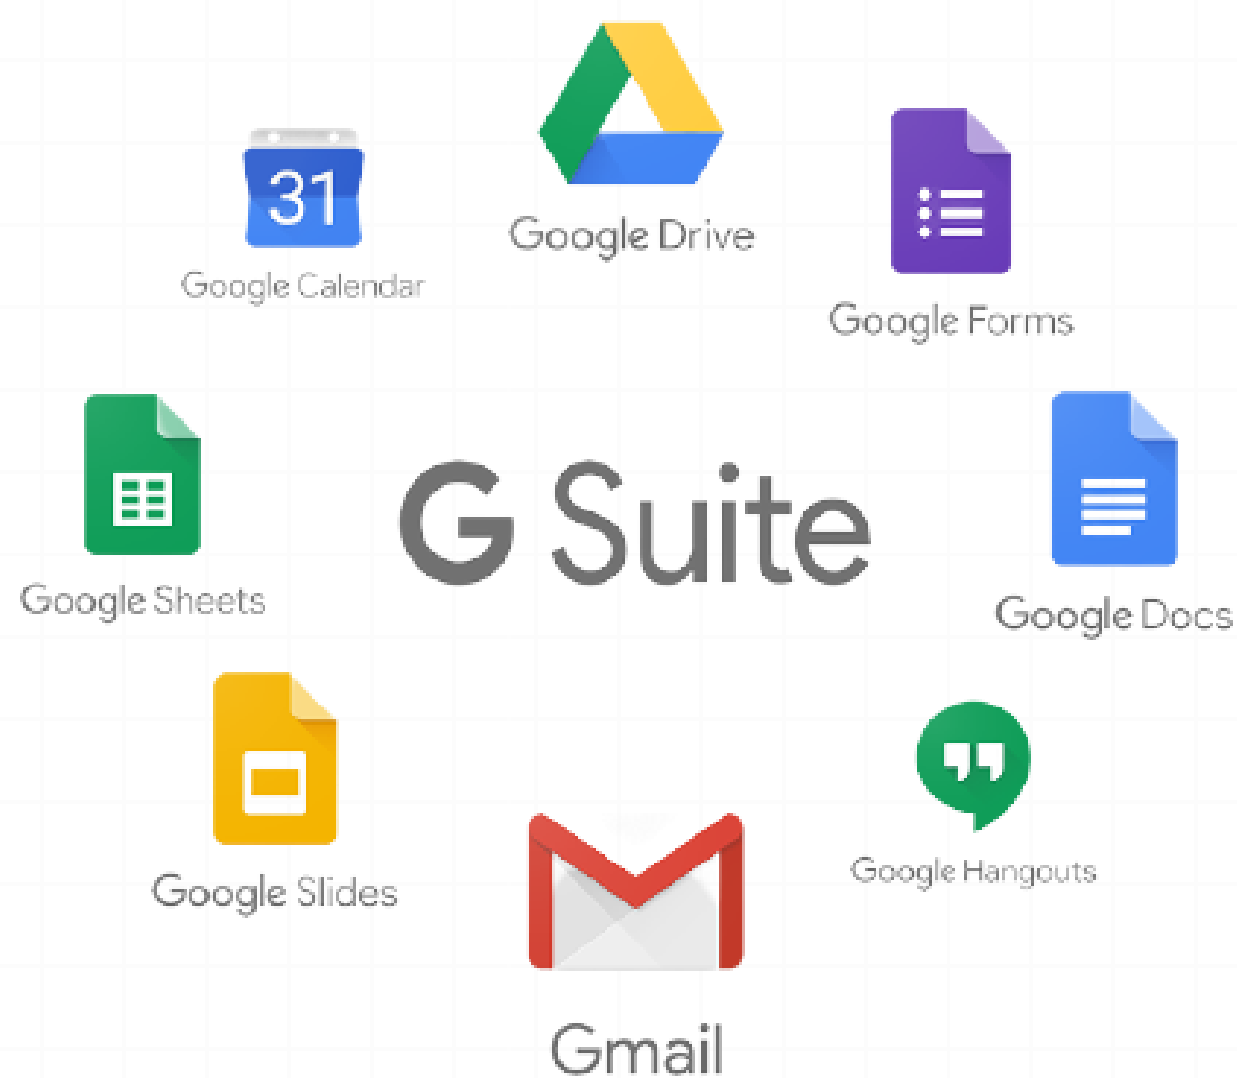

6. Importance of G-Suite

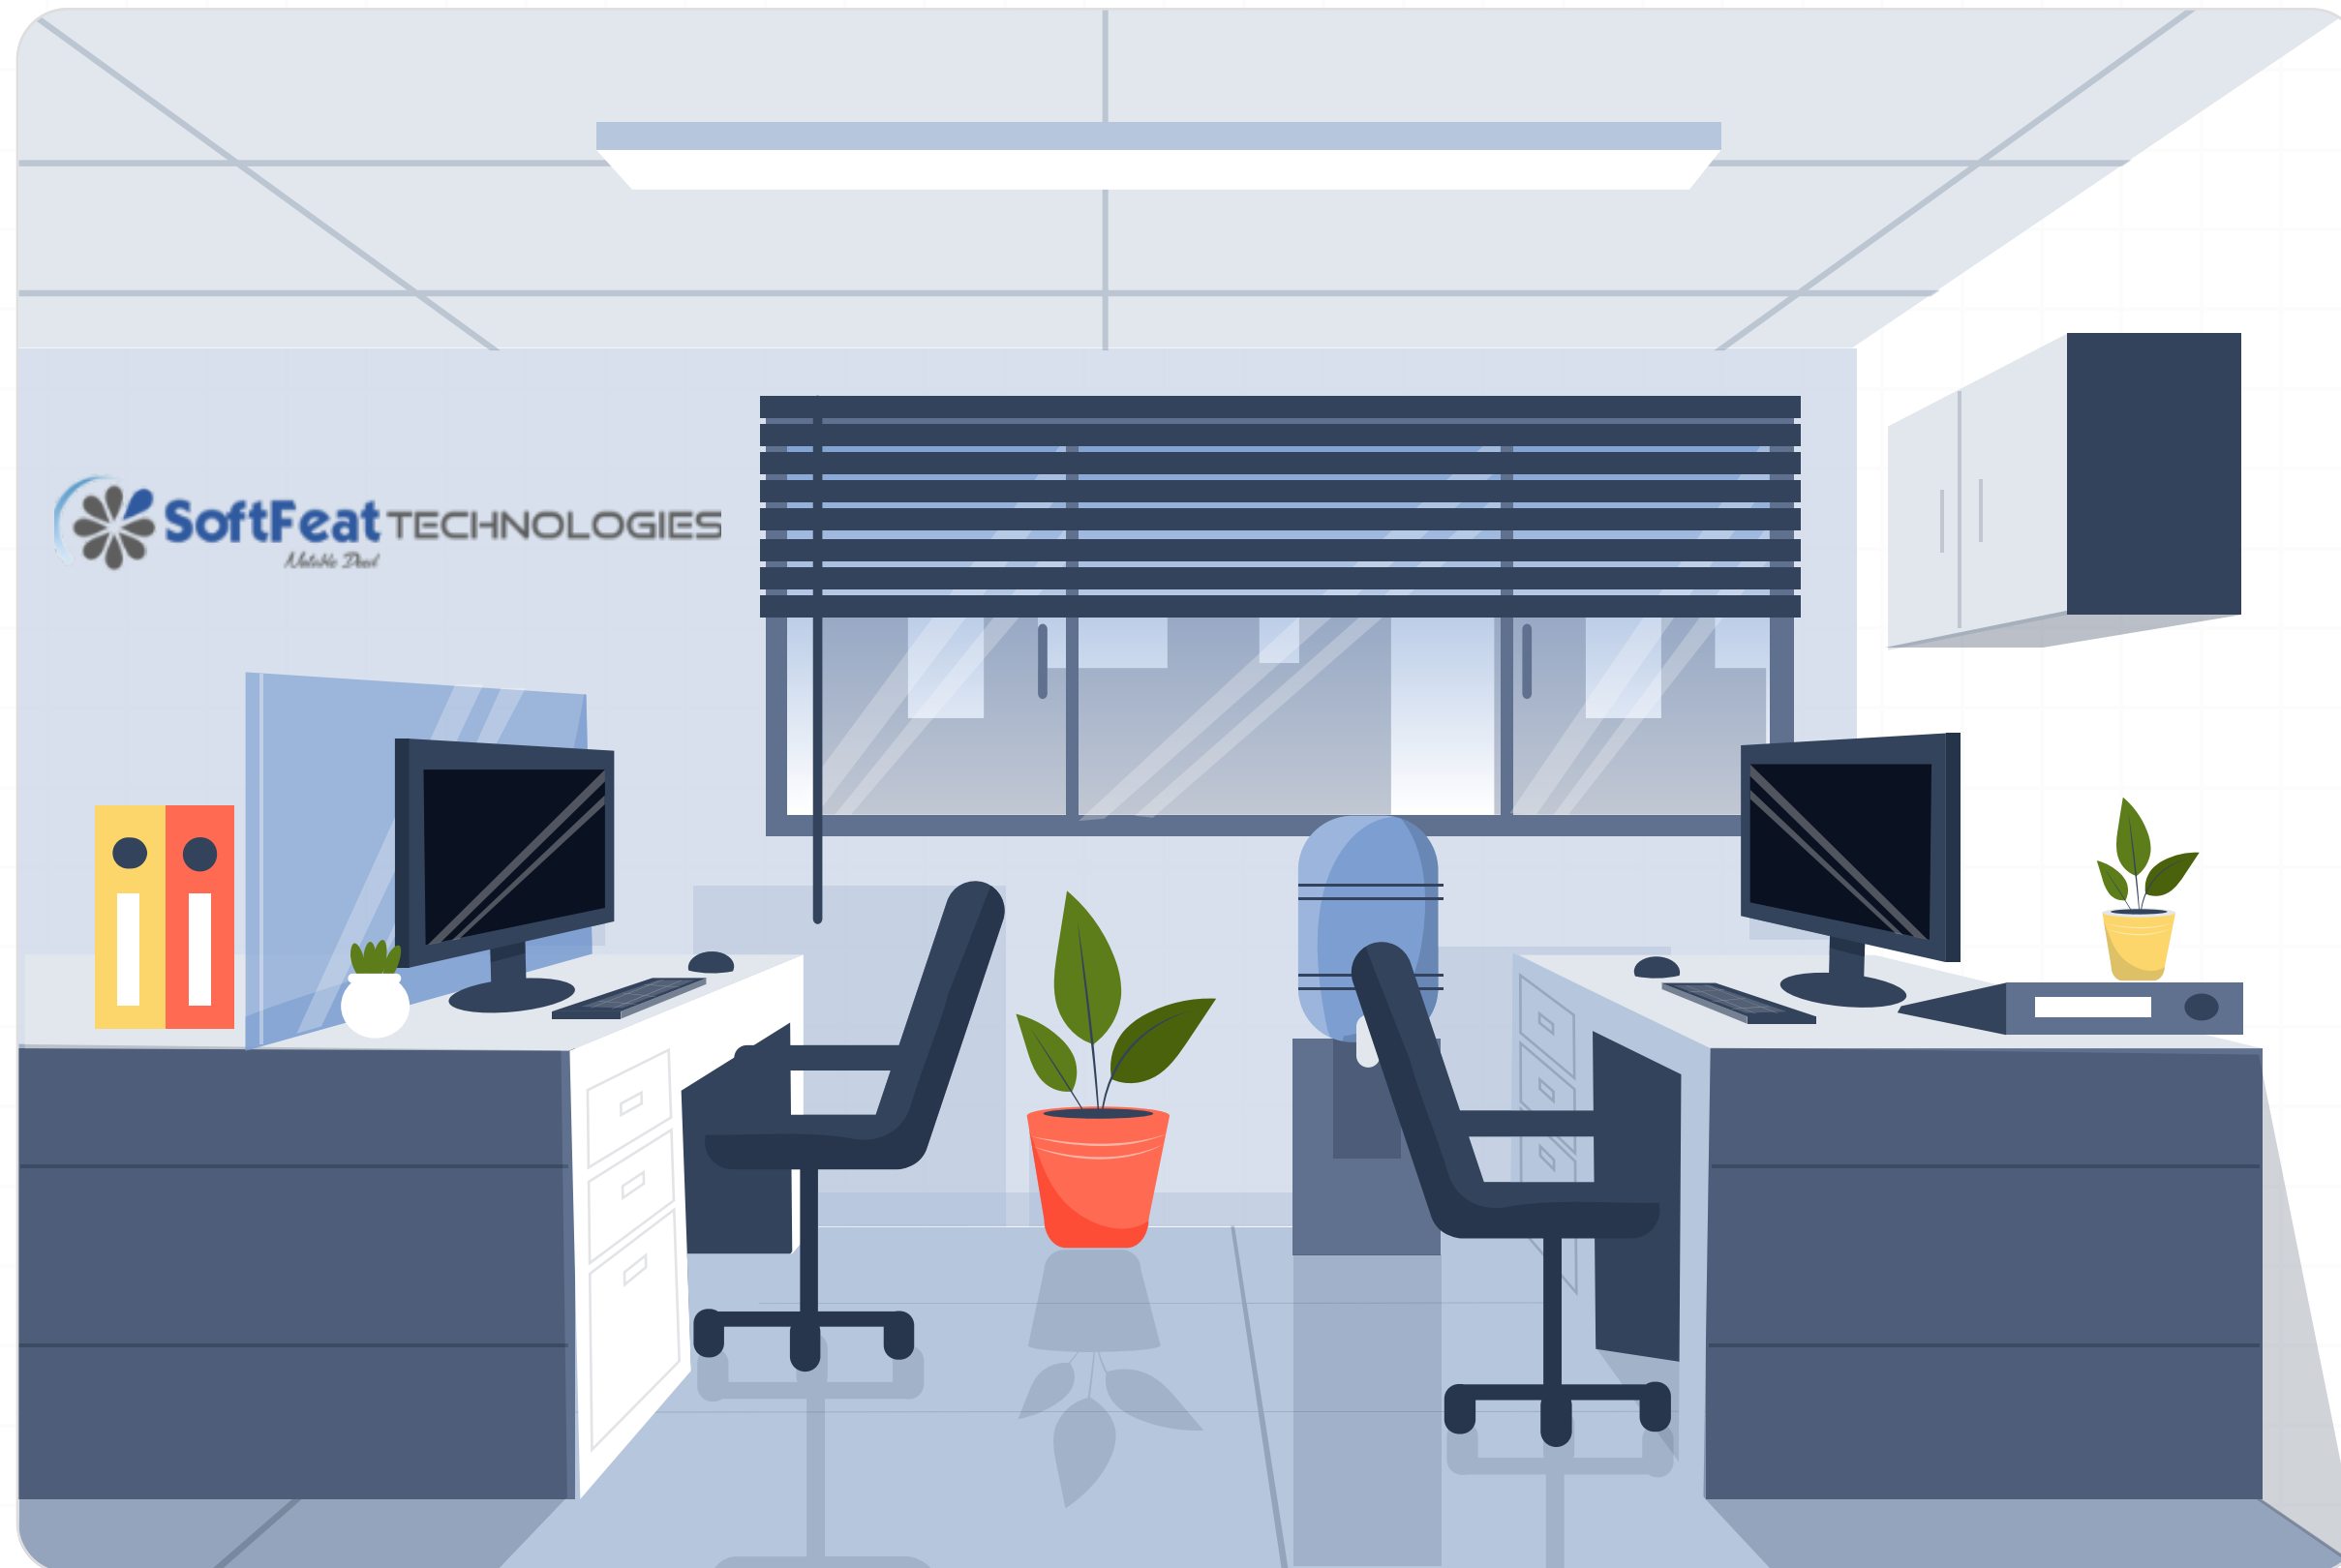

G-Suite will help Students and Lecturers to keep looping about academic progress and providing study materials.

Key points about G-Suite:

- Students will get organization's emails
- Students will get involved in their studies with digitally
- Students will get daily assignments in Google Classroom
- Students can join online class without approval of Lecturer's
- Students will get unlimited cloud storage
- Students can enroll in Governments or Private Courses free of cost using college email ids.
